Pop-Up Systems

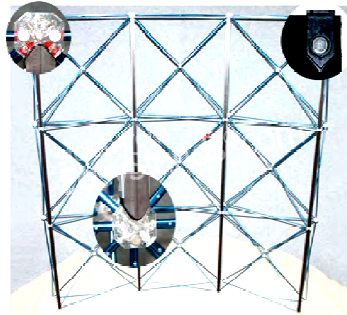

"RAPIDE EASY POP-UP DISPLAY SYSTEMS

Rapide EasyPopUp®

The WONDER pop-up

This Pop-Up Frame uses magnetically-attached panel hangers for a **fully-magnetic** system. With a complete absence of "locking arms", this frame is truly **self-locking**, producing a rigid structure all on its own.

Erecting the frame couldn't be simpler as the magnetic bars are attached in a jiffy using magnets for both bars and hubs.

Colour is used to identify the front top of the frame **before** you extend it into the open position. Finding out when it's half-way up that you've got it the wrong way round is tiresome. Getting the frame erection right first time is designed in to this Pop-Up.

Standard Height Pop-Up Systems Height = 2.24 Metres = 88 inches

System Size	3 x 3	3 x 4
System with Graphic Panels	790.00	890.00

A Single Light £25.00

Twin Lights £47.50

Graphic Panels

Please ask about our Graphic Design service

Prices are for printing only from artwork supplied by customer.

Various Cases from £70.00 Please enquire.

Alternatively a trolley bag can be supplied for £45.00

A "SYSTEM" is described by the number of panels wide x the number of frame squares high

Curved and Straight "systems" are available at same price

The range of systems available is too large for this Price Guide but see below for example prices

Substrate material is a flay-flat durable, 300 micron, light block, film over laminated with a scuff resistant 125 micron matt laminate for extra protection

Roller Banners

From £99.00

LOW PRICED ROLL BANNERS (With Stabiliser Foot)
